Welcome to the sought-after Cider Hill Lane neighborhood in Sherborn. A bright, sun-filled two-story foyer with French doors opens to the formal dining room. The well-appointed kitchen features stainless steel appliances including induction cooking, double ovens, granite countertops, center island & dining area. The inviting family room offers a fireplace and sliders to a screened-in porch, ideal for indoor-outdoor living. French doors lead to a formal living room, also perfect as a media room or library. A first-floor office just off the kitchen, with convenient access to a full bath, provides flexibility for work or guests. A 3-car garage connects directly to the mudroom with laundry, located just off the kitchen. Upstairs are 4 spacious bedrooms, including 2 primary suites, one fully renovated, along with 2 additional bedrooms served by a hall bath. The lower level features a playroom, exercise room, and abundant storage. 9-foot ceilings enhance the first floor. Numerous updates include roof, driveway, windows, and more.
